

**Johnson County Empowerment Board
EVALUATION COMMITTEE MINUTES
Wednesday, June 11, 2008
3:30-4:30 PM
1150 5th Street, Suite 266, Coralville**

Present members: Lisa Haverkamp, Terri McGraw, Laurie Nash

1. Review statewide evaluation tools for Parent Education & Family Support Programs.

Laurie shared the new evaluation tools which are mandated by the state for use by our Parent Education and Family Support programs. Although we currently have a tool, we must now collect the information with the new forms to be consistent with the state requirements.

Laurie would work to develop a communication plan regarding the new tools to our grantees and support their completion of them.

2. Discuss how these tools fit with current Empowerment evaluation tools.

The committee discussed how to use the new tools, while targeting a couple programs to collect the data with the previous Johnson Co. tools. This would allow us to both determine and show the difference in the data to the state and be able to provide us with consistent information overtime.

3. Other
